ANNUAL CATALOGUE

OF

FRUIT AND ORNAMENTAL

TREES AND PLANTS,

CULTIVATED AT THE

LINNÆAN BOTANIC GARDEN AND NURSERIES.

WILLIAM PRINCE & SON,

PROPRIETORS, FLUSHING, LONG ISLAND, NEAR NEW-YORK.

"A wood coeval with himself he sees,
And loves his own cotemporary trees."

THIRTY-FIRST EDITION.

NEW-YORK:

PRINTED BY G. P. SCOTT, CORNER JOHN AND GOLD.

1839.

PREFACE.

The Proprietors in tendering their new Catalogue with *reduced prices*, desire to state that their Fruit and Ornamental Trees, &c. are nearly all of *large size and vigorous growth*, and superior to any before offered to the public. The establishment contains at the present period *more than a million of Trees and Plants*, and the Proprietors are willing to enter into arrangements of the most liberal description both as to prices and credit with all such persons as desire large quantities of Trees, &c. and with those proprietors of Nurseries who wish to extend their collections, and such other persons as may wish to establish new Nurseries, they will make arrangements *on terms which will allow ample time for advantageous reimbursement.* Any persons who are desirous to act as Agents in towns where no agency at present exists, will please communicate their views in regard thereto.

The fruit trees in the catalogue are either grafted or inoculated, and are propagated from such European and American kinds as have acquired a well merited celebrity, the whole collection of which has recently undergone a most careful revision, and the selections have been made with great care and attention. Every precaution is taken which is necessary to preserve the different varieties completely distinct, and all the Peach and other trees are perfectly healthy, and free from disease. Many persons, however, are apt to purchase trees without regard to any point but their cheapness, and not unfrequently, after the toil and expense of years, find them, when they arrive at bearing, absolutely worthless. Others who regard the price only, pay no attention to the size, and vigour of the trees, and consequently sacrifice many years uselessly before their orchards come into bearing. The strongest proofs the proprietors can give the public of their anxiety to guard against misconception, are the precise descriptions contained in the Treatises recently published, and other works of a similar character, in which they are now engaged; the result of which will be, that any person, however ignorant on the subject, cannot fail to know if he has been deceived.

In regard to the identity of the various kinds of fruit, the Proprietors do not pretend to a perfect infallibility, but they do constantly aim at that point, and therefore if an inadvertent error occasionally arise, it is because their unwearied scrutiny has not been able to guard against it.

One great advantage possessed by the trees sent from this establishment, is their particular hardihood. From the proximity of the nurseries to the ocean on one side, and to the East River on the other, with a free and open exposure to all winds, accompanied by the particular advantage of being so far north as to acclimatize the trees to any still more northern section of our country, they acquire a degree of hardihood which renders them extremely eligible for colder latitudes, and to support the rigour of less favoured regions, and trees thus hardened by nature are also found to succeed best in our southern states. It is doubtless to these causes that is to be attributed the general success which has attended the trees sent from this establishment, even when transmitted to Nova Scotia, the Canadas, &c. and the winter of 1831-2, incontestably proved their superior hardihood, they having withstood the severity of that season uninjured, while immense numbers of trees elsewhere in the middle, and in the eastern states, were destroyed thereby.

Specimen trees of every variety of fruit comprised in this catalogue, are now standing in the experimental orchards of the establishment, and all kinds are ready for sale. The stock of some of the newest sorts, however, is limited, and the trees, in consequence of their recent introduction are of less size. Many other varieties will be announced hereafter in a Supplementary Catalogue, additional time being necessary as well for their propagation, as for judicious investigations. New fruits are not added to the collection, merely, because their names differ, but a selection is made of those only, which merit and have received the encomiums of persons acquainted with the subject.

A large number of the apples are the same as described by Mr. Coxe, and the Treatise on Fruits or Pomological Manual, published by the proprietors, contains descriptions of near 800 varieties of the different fruits.

It seems almost superfluous to remark, that the trees and plants in this catalogue not particularly designated as tender, are hardy.

Every tree, when sent forth from the garden, is duly labelled; and from fifteen to thirty trees are usually packed in each matted bundle, and where boxes are preferable, from 50 to 100 Trees and Shrubs can be packed in each.

Where trees are requested for exportation, they are carefully packed in mats, casks, or boxes, so as to be sent to Europe, the West Indies, or any part of America, with perfect safety, for which a reasonable charge is made.

All packages of trees are delivered at Fulton-market wharf, New-York, by water, free of freight; and, when desired by persons at a distance, they will be shipped to any port they may designate, and agreements have been made with the lines of packets to Boston, Baltimore, Washington, Richmond, Charleston, Savannah, &c. to take bundles of trees at very moderate freights. If desired to be transmitted to Philadelphia, they can be sent there by the transportation line in one day, and the canals now forming in every section of the country, present cheap and easy modes of conveyance. No care is wanting on the part of the proprietors to give such directions as may cause them to arrive safely; but it is to be expressly understood, that after being thus delivered or shipped at New-York, they are wholly at the risk of the person who ordered them. Insurance against loss by sea will be effected whenever requested.

To such persons as desire fruit trees, &c., and are not themselves acquainted with the qualities of the different kinds, it is recommended that they specify in their orders the number of trees wanted of each species of fruit, and leave the selections to the proprietors, who will make it according to the views and tastes of the applicants; and in such cases they may rely that those only will be sent which are of the most approved kinds; and, when desired, those that will ripen in succession, and larger trees can generally be selected in such cases. They can, however, if the party prefer it, obtain all the necessary information by referring to the "Treatise on Fruits," &c.

It is also well, where the orders are small, to unite those of several neighbours in one, which will both abridge the trouble of execution and the expense of packing and transportation; and, as each tree is labelled, it can cause no confusion.

Persons who may wish to make selections of fruits of American origin, will find them particularly designated. It sometimes occurs that the demands for particular kinds of fruit trees are so much greater than anticipated, that it renders those kinds for the moment comparatively scarce, except such as are of small size. In these cases, in order to prevent any delay, it would be well that the orders should authorize, that such kinds may be replaced by others of equal quality, which trust will be executed in a manner worthy of the confidence reposed.

American Indigenous Trees, Shrubs, and plants, or their seeds, suitable for sending to Europe, will be supplied in assortments, from five to one thousand dollars or more, as enumerated in Catalogue No. 4.

The proper seasons for transplanting trees, are the months of October, November, and December, in autumn; and March and April in the spring. For bulbous flower roots, the best season is from July to November inclusive. Greenhouse plants can be forwarded with safety at any season, except the winter months, and even then, if the conveyance is wholly by water.

In addition to these, Scions of Fruit Trees, Grapes, Vines, &c., can be transmitted from October to April. Many persons are prevented from ordering trees, from a supposition that they will not bear distant transportation, an idea so extremely erroneous, that it ought to be exploded; the proprietors are in the constant habit of sending trees, and even the most delicate plants, to the remotest part of the Union with success, and they annually transmit large quantities to the different cities of Europe, where in some cases they have from 300 to 500 miles land carriage, after crossing the Atlantic. The success which attends these expeditions is an ample proof of the superior manner in which the articles will be packed for their respective voyages; and persons sending orders, will please to state the extent of land and water carriage, and the articles will be packed accordingly. Precise directions should be given how the packages are to be marked, and by what route or conveyance they are to be forwarded, &c. The packages will be forwarded by such route as shall be designated, and where the option is left to us, we will adopt such mode of transmission as shall be most economical and safe. During winter, when the northern rivers and canals are frozen, all packages destined for the Western States can be sent by the way of New Orleans, or via Philadelphia or Baltimore, to Pittsburgh or Wheeling.

Catalogues may be obtained gratis by direct application to us. All orders for Fruit and Ornamental Trees, Greenhouse Plants, Bulbous Flowers, Dahlias, or Seeds, must be sent, post paid, direct to us, or through a regular authorized agent, and not through the agency of any person who vends similar articles. Every invoice transmitted by us will have a printed heading and our signature, to prove it genuine, and we assume no signature whatever, where such an invoice cannot be produced. We mention these cautions for good and conclusive reasons, knowing that we have been injured by deceptions, and we most particularly enjoin their strict observance on purchasers.

As many persons in the Union act as agents for different nursery establishments, it is particularly requested, that where orders are intended for us, it be plainly specified, but no person is to be considered as our Agent, unless he can produce written proof of the fact. It is expected that persons with whom no acquaintance exists, will, in forwarding orders otherwise than through an agent, designate some person in New-York who will be responsible for the paymeut, or tender a suitable reference. It is requested that those who, in sending orders, mention only the numbers by which the trees, &c , are enumerated in the catalogue, should be particular to state the edition from which they make their selections, as there are some numerical variations in the different editions. All letters requiring information will be promptly replied to, and the proprietors prefer that applications be made to them direct on every subject.

The postage of a letter is a trifling thing, but to one who receives a great number it becomes burdensome ; persons are therefore desired to send their letters post paid.

Any package intended for us can be left with Wm. P. Wright, corner of South and Beekman streets, New-York, but letters should always be transmitted by mail.

N. B. It is expected that no person having similar establishments will copy the different remarks attached to this catalogue, without crediting the source ; as it would be extremely unreasonable that other persons should take upon themselves the responsibility for any errors which may have been inadvertently advanced by the authors of this publication. W. PRINCE & SON.

PRICES OF TREES, &c.

The prices have been greatly reduced on a large number of articles ; in many cases 25, 33, and even 50 per cent. below former rates, and the average prices throughout the catalogue will be found as low, and in general much lower, than the same articles, equally genuine and of equal quality, can be obtained elsewhere.

Green House Piants, in large assortments, will be supplied at lower rates than they can be obtained any where else in the United States.

N. B. Where ornamental trees of very large size are wanted for streets, avenues, &c., or where fruit trees are wanted of extra size, they will be charged in proportion.

☞ *For the table of Contents see last page.*

WM. PRINCE & SON'S CATALOGUE.

APPLES. Pommiers. Pyrus malus.

25 to 37½ cents each; $18 and $20 to $25 per 100, according to the kind and quality of the fruit, and the size of the trees.

ALL ARE TABLE FRUIT—Except where otherwise designated.

C denotes those which have proved good for cider also.
K those which are proper for cooking or preserving.
T and K those for both table and cooking.
V from Van Mons—Vir from Virginia.

PEARS. *Poiriers. Pyrus communis.*

37½ to 50 cents each, according to the kind and quality of the fruit, and the size and rarity of the trees.

[The collection of Pears has been revised and scrutinized with the utmost care and attention to guard against error, and being a concentration of the most choice from every clime, is unrivalled in this or any other country. A large number of the kinds cultivated by different persons under the same names, will be found to differ essentially from the genuine fruits in this collection.]

M denotes melting, or juicy pears. But denotes buttery pears.

CHERRIES. *Cerisiers. Prunus Cerasus.*

50 cents each.

* denotes fruit of large size.

† ——— most esteemed for quality.

‡ ——— best for tarts, wine and preserves.

NOTE.—The two classes of Cherries are thus distinguished—G denotes those of the Kentish or Griotte family, the trees of which acquire a medium height, with compact and spherical heads, and will sustain a severe northern climate—Those not noted belong to the Heart and Bigarreau families, the trees of lofty growth and pyramidal form.

15 New bitter fruited, 50 cts
16 Small round hardshell, *sweet* 75 cts

N. B. French sweet hardshell almonds, $25 per hundred.

MULBERRIES. *Muriers.*

In consequence of the attention of our government, and of individuals, to the rearing of silk, and the culture of the Mulberry, great pains have been taken to introduce from France, Italy, and elsewhere, the kinds which have acquired most celebrity for this purpose; and of the success of those exertions, the following list will bear ample testimony. A distinct catalogue of Mulberries has just been published, with descriptive remarks, and will be sent to every applicant. The wholesale prices are therein mentioned.

S denotes those most used for silk worms.
T those for table fruit.
O those that are for ornament.

Those marked * are 37½ cts.
† are 50 cts.
‡ are 75 cts.

N. B. Where no price is named by the hundred, a discount of a third in price will be when 50 to 100 are taken of one kind.

GOOSEBERRIES. *Grosseillers epineux. Ribes Uva-crispa.*

Different good kinds mixed, 20 cents, and $2¼ per dozen.
Fine Lancashire kinds, by name, 25 cents, and $2½ per dozen.
Largest select kinds, by name, 31¼ cents.

Finest assorted kinds, by name, $20 to $25 per 100, according to size and rarity.

Of this fruit several hundred varieties have been imported from England, where they excel in its cultivation, especially in Lancashire and Yorkshire, and where the ber-

ries frequently weigh from one to one and a third ounces. The following have been selected on account of their large size, flavor, or time of ripening. About 50 other kinds have been sufficiently increased for sale, and can now be supplied.

GRAPES. *Vignes. Vitis vinifera.*

Those marked thus * 37½ cts each. † 50 cents each. ‡ 75 cents each.

Those not marked are $1 each.

T denotes celebrated table grapes. W denotes celebrated wine grapes. L denotes those from the garden of the Luxembourg.

These prices are for single plants, or where a few vines only are wanted. Those who wish to establish vineyards, and consequently desire a large number, will be supplied at a great reduction.

For descriptions of the respective varieties, and directions for their culture, see "Prince's Treatise on the Vine."

The synonyms are carefully arranged, and in no case is the same fruit *knowingly* twice enumerated in this list, and where a doubt exists, it is so stated. Several hundred foreign varieties can be supplied that are not here enumerated, but which will be found in the Treatise on the Vine, and in former catalogues.

1 †July grape, Madeleine, or Early black T
2 †Early white muscadine, T
3 White sweet water T

76 Verdelho, or Verdilhio
77 Nigrinho, $8 per dozen
78 †Herbemont's Madeira, or Warrenton, round purple, $4½ per dozen
79 Bual
80 Muscatel

German and Swiss Grapes.

These are principally celebrated wine grapes; and I have information from the highest sources, that those numbered 82, 92, 94, 96, 97, 98, 101, 102, and 103, are considered among the most valuable for vineyards, on account of their abundant and regular crops, and their resisting the severest winters uninjured. In addition to these here enumerated, a number of varieties of grapes are cultivated in Germany which are necessarily arranged under other heads in this catalogue, including the principal part of the Burgundy grapes; and I am assured by a gentleman who has a very extensive vineyard on the Rhine, that the grapes numbered 1, 5, 65, 66, 67, 68, 69, 71, and 72, support there all the rigors of the climate, and produce immense and regular crops.

N. B. Many new American varieties are under cultivation, including a large number of seedling varieties, originated by the proprietors from admixture of pollen. These will be for sale soon, when an extra catalogue will be published.

Grape Vines in quantity.

Fine varieties for wine, assorted by the proprietors, 20 to 25 dollars per 100.
do do for the table, assorted by the proprietors, 25 dollars per 100.
do do of the more rare varieties, 40 dollars per 100.
Common French varieties, such as are usually sent out in mass from their vineyards 12 to 15 dollars per 100.

SCIONS, *&c.*

Scions of Grapes of a number of kinds can be supplied if applied for in season, at from 5 to 12 dollars per 100, or in less quantities; but in no case will scions of any variety be sent to a less amount than the price of a vine; and of the very rare varieties three scions will be considered equivalent in value to a vine. Scions of several different kinds of Grapes, 15 to 25 dollars per thousand.

Scions of all kinds of Fruit trees, suitable for grafting, will be supplied at 50 cents per dozen, where the price of a tree does not exceed that sum; but where it does, the same price will be charged for the dozen scions as for a tree of the same kind; and in no case can a charge of less than the price of a tree be made for grafts of any variety, however few may be desired. When a large number of scions are wanted of the more plentiful sorts of Fruits, they will be supplied by the 100 or 1000 at reduced rates. It is better that such orders be sent in the fall or winter.

Scions of Currants, Gooseberries, Raspberries, Berberries, Mulberries, Quinces, Figs, Poplars, Willows, &c. will be supplied at prices in proportion to their respective value; but no charge is made of a less sum than the price of a tree of the same kind.

Scions of the fine species of Osiers, or Willows, most celebrated for basket-making, can be supplied, suitable for planting hedge-rows, at from 3 to 5 dollars per 100, or 25 dollars per 1000.

Hawthorn for hedges, of the celebrated Washington Thorn, at 75 cts. per 100, or 5 dollars per 1000.
Do do extra large, 6 to 8 dollars per 1000.

Cockspur, or NewCastle Thorn, same prices as the preceding.

English hawthorn quicks, 75 cts. per 100, and to 5 dollars per 1000.
do do extra large and strong, 6 to 8 dollars per 3000.

Buckthorn, or Rhamnus cathartieus, for hedges, 2 to 3 dollars per 100.
do larger size, 6 dollars per 100.

Yellow Locust, small trees for hedges, at from 5 to 8 dollars per 100.

Osage Orange, or Maclura, for hedges, 30 dollars per 100.

Chinese arbor vitæ, small, for hedges, 15 to 20 dollars per 100.

Privet, or prim, for hedges, 10 dollars per 100, 50 dollars per 1000 and smaller size 30 dollars per 1000.

Scions of do. 2 dollars per 100, and 15 dollars per 1000.

Honey Locust, or Three thorned Acacia, (part thornless,) 5 to 10 dollars per 1000.

Red Cedar, for hedges, 12 dollars per 100, or 80 dollars per 1000.

ESCULENT ROOTS, *&c.*

Asparagus, Common, per 100, 50 to 60 cts. and per 1000, 4 dollars.
Ditto, 2 and 3 years old, 5½ to 6 dollars per 1000.
Large Dutch, per 100, 75 cts. to 1 dollar; per 1000, 6 dollars.
Ditto, 2 and 3 years old, 7½ dollars per 1000.
Artichoke, Jerusalem, per dozen, 50 cts; per 100, 3 dollars.
Ditto, do New European variety, much superior, 75 cts per dozen, and 4½ dollars per 100.
Green globe, per dozen 2½ dollars; per 100, 15 dollars.
Cardoon, per dozen 2½ dollars; per 100, 15 dollars.
Chamomile, double, each 25 cts; per dozen 1½ dollars; per 100, 8 dollars.
Horse radish, per dozen, 1½ dollars; per 100, 5 dollars.
Dyer's Madder, each 25 cts; per dozen 2½ dollars; per 100, 10 dollars.
Licorice, each 50 cts; per dozen, 5 dollars.
Hop roots, per dozen, 1 dollar; per 100, 5 dollars; per 1000, 30 dollars.
Sea Kale, per dozen, 2 dollars; per 100, 12 dollars.
Rhubarb for Tarts, or Pie Plant, each 12 to 25, cts. according to age; per dozen, 1½ to 2½ dollars; per 100, 10 to 18 dollars.
Common, or Raphontic, each 50 cts.; per dozen, 4½ dollars.
Palmated officinal, each 50 cts.; per dozen, 5 dollars.
Thick leaved, each 50 cts.; per dozen, 5 dollars.
True Medicinal, or Rheum australe, each 75 cts.; per dozen, 6 dollars.
Wilmot's early red, each 50 cts.; per dozen, 4½ dollars.
Giant, or Goliah, each 50 cts.

FIGS. *Figuiers. Ficus Carica.*

The culture of this delicious fruit having recently become an object of particular attention, and requiring no more care to covering in winter than the delicate kinds of grapes, the greatest pains have been taken to extend the collection by importations of the choicest kinds from the south of France, Italy, and elsewhere; and it now forms a concentration of this fruit, unrivalled in extent and excellence.

Those marked thus * 50 cents. † 75 cents. Those not marked are $1. By the hundred a discount of one third in price will be made.

D denotes those described in Duhamel.

POMEGRANATE. *Grenadier.*

Those marked thus * are 75 cents ; those thus † $1 ; and those thus ‡ $1 50.

The fruit requires in this latitude, that the trees should during winter be placed in a cellar, or some other place free from frost. South of the Potomac, it is supposed they will not require that care.

1	Fruit bearing, 50 to 75 cents	Punica granatum
2	‡Large Malta	*melitensis*
3	‡Sweet fruited	*dulcis*
4	†Acid fruited	*acida*
5	†Semi-acid	*mi-acida*

22	†Gold blotch leaved	*fol. var.*
23	‡Rosemary leaved	rosmarinifolia
24	*Holly leaved	spinosa, vel. illicifolia
25	*Serrated leaved	serrata

N. B. See greenhouse catalogue for other varieties.

ORANGES, LEMONS, CITRONS, SHADDOCKS, AND LIMES.

These require sufficient protection in winter to keep them from freezing, in the states north of South Carolina : in the latter state and those south of it, they do not require it. In Italy, extensive nurseries of these fruits are cultivated, some of which

contain 200 varieties. A work has recently been published at Paris, edited by Messrs. Risso and Poiteau, which contains engravings and descriptions of 160 varieties, comprising the most valuable and interesting. It is from an inspection of those figured in this work that the new varieties have been selected which are here enumerated: to obtain which has been attended with great difficulties. About 40 new varieties, not here enumerated, will be ready for sale in September, 1839, when an extra catalogue of them will be furnished.

Those marked thus *, of 1 year's growth from inoculation, $2
2 do do do 3
3 do do do 3,50

Those marked thus ‡ are $3.50 each. Some of these kinds of three, and others but of one and two years growth.

Those marked thus † will be each $5, and, being quite new, are not at present large.

Oranges.

1	*Seville orange or Bigarade Ditto of smaller size, $1 50	Citrus vulgaris

4	Soursop	muricata $1 50
5	Cherimoyer	cherimolia *vel tripetela*
6	Sweet sop	squamosa, $1 50
7	Yellow pine apple	Bromelia ananas, $1
8	Dark orange do	*v. fulva* $2
9	Caper plant	Capparis spinosa, $2
10	Indian papaw	Carica papaya, $3
11	Molucca Cinnamon	Cinamomum cutlitlaban, $4 to 5
13	Round leaved sea-side grape	Cocoloba uvifera, $3
14	Cocoa nut	Cocos nucifera, $4 to 8
15	Coffee	Coffea arabica, $1 to 2
16	Aracatcha, red stalked	Conium aracatcha, 50 cts
17	Ditto, green stalked	*v. viridis*, 50 cts
18	Round fruited calabash tree	Crescentia cucurbitana, $5
19	West India yam	Dioscorea sativa, 75 cts
20	Rose apple of India	Eugenia jambos $1
21	Solitary flowered do	uniflora, $1
22	Laurel leaved do	laurifolia, $1 50
23	Alligator pear	Laurus persea, $3
24	Camphor	camphora, $3 to 5
25	Cinnamon	cinnamomum, $10
36	Great mammee tree	Mammea americana, $4
27	India mango	Mangifera indica, $3
28	Banana tree	Musa sapientum, $2
29	Rose colored do	rosacea, $2
30	India plaintain tree	paradisiaca from $3 to 5
31	Scarlet flowering banana	coccinea, $1 to 2
32	Chinese garden nandina	Nandina domestica, 50 to 75 cts
33	Turkey date	Phœnix dactylifera, $2
34	Eatable pistachia	Pistachia officinarum, $2
35	Pear shaped guava	Psidium pyriferum, $1
36	Chinese purple do	cattleyanum, $3 to 4
37	Brazilian lote tree	sp. Rio. Janeiro, 2 dols
38	Egyptian lote tree	Rhamnus lotus, 2 dols
39	Sugar cane	Saccharum officinarum, 1 dol
41	West India tamarind	Tamarindus occidentalis, 2 dols
42	Green tea	Thea viridis, 1½ to 2 dols.

43 Bohea tea	Thea bohea, 2 dols
44 Broad leaved do	latifolia, 3 dols
45 Ginger	Zinziber officinale, 2 dols
46 Chinese date	Zizyphus jujuba, 2 dols

ORNAMENTAL FOREST TREES.

Of the first class and largest growth, esteemed for their foliage, flowers, or fruit. Those not marked are 25 cents each † are 37½ cents each. ‡ are 50 cents each.

1 White flowering horse chesnut, 50 cts each	Æsculus hippocastanum
Ditto large size, 75 cts to $1	
Ditto very large, 1,25 to $1,50	
2 Ohio Buck eye, 50 to 75 cts	pallida
3 Sugar maple, or Hard, 25 to 50 cts	Acer saccharinum
4 Scarlet do 25 to 50 cts	rubrum
5 ‡Norway do	platanoides
6 ‡European sycamore	pseudoplatanus
7 ‡Silver leaved do 25 to 50 cts	dasycarpum
8 †Black sugar do	nigrum
9 Chinese ailanthus, or tree of heaven ‖ with leaves 4 feet long, 50 to 75 cts	Ailanthus glandulosa
Ditto, smaller size, $4½ per dozen	
Ditto, large size, $1 each	
10 ‡European alder, rapid growth	Alnus glutinosa
11 ‡Cut leaved do	*v. lasciniata*
12 ‡Scotch weeping birch, of poetic celebrity	Betula alba *pendula*
13 †Canada canoe birch	papyracea
14 Poplar leaved do	populifolia
15 Catalpa, showy flowers 25 to 50 cts	Catalpa syringæfolia
Ditto 5 to 6 feet, per dozen $3 ; per 100 $20	
16 American cypress, 37 to 50 cts	Cupressus disticha
Ditto large size, 75 cts	
17 ‡European ash, rapid growth, $37½ per 100	Fraxinus excelsior
18 ‡Various leaved do	simplicifolia
19 Manna do, 75 cts	rotundifolia
20 Chinese do, 62 cts	chinensis
21 Walnut leaved do	juglandifolia
22 White do	acuminata
23 Black do	sambucifolia
24 ‡Green barked do	viridis
25 ‡Broad leaved do. and many others	*latifolia*
26 Honey locust, or thorny acacia	Gleditschia triacanthos
Ditto, extra large, 50 to 75 cts	
27 Thornless do 25 to 50 cts	*inermis*

N. B. For Honey locust by the 1000, for hedges see page 35. And larger sized trees will be supplied at $18 per 100.

28 Chinese red spined do $1	horrida
29 Chinese large spined do $1	macroacanthos
30 Purple spined do $1	purpurea
31 ‡Kentucky coffee	Gymnocladus canadensis
32 Sassafras	Laurus sassafras
33 Maple leaved sweet gum	Liquidamber styraciflua
34 Oriental do $1	imberbe

‖ This tree is is so called in Japan, on account of the enormous height to which it attains. It has the quality of withstanding the greatest heat uninjured, and retains its foliage until very late in the season.

37	‡Pride of India, rather delicate	Melia azedarach
38	‡European larch, for dry, or upland soil 25 to 50 cents, and 25 to $30 per 100	Pinus larix
	Ditto, extra large, $1	
	Corsican larch, 50 cents	
39	American do or Deciduous Fir, for moist or low grounds, 25 to 50 cts	microcarpa
	Ditto, per 100, 25 to $30	
40	American plane, sycamore, or buttonwood	Platanus occidentalis
	Ditto, of large size, 50 cts	
41	Oriental plane, 37 to 50 cts	
	Ditto, extra large, 75 cts to $1 and upwards	orientalis
42	Lombardy poplar	Populus dilatata
43	‡Silvery leaved Abele, beautiful	alba
	Ditto, extra large, 75 cts to $1	
44	Athenian poplar	græca
45	Balsam do, or tacmahac	balsamifera, vel ontariensis
46	†Small leaved balsam do. or Balm of Gilead	*nana*
47	Carolina do. or cotton tree	angulata
48	Canada do. or *Necklace bearing*, (*Swiss, or Black poplar*)	monilifera vel nigra
49	Heart leaved, or Water do	heterophylla, *vel cordifolia*
50	American aspen do	trepida
51	European aspen do	tremula
52	Weeping poplar $1	pendula
53	‡Hudson's bay	hudsonica, *vel. betulifolia*
54	‡Great dentated leaved do	grandidentata
55	†English royal oak	Quercus robur
	Ditto, per 100 3 to 4 feet high, $10 per 1000 $50	
56	Lucombe's oak, $1	*exoniensis*
57	Turkey oak, $1	cerris
58	†Fox's oak, or White oak	alba
59	Willow leaved oak	phellos
60	‡Various leaved evergreen do	aquatica
61	Chestnut leaved do	prinus
62	Quercitron do	tinctoria
63	‡Overcup do	macrocarpa
64	Laurel leaved do. $1	laurifolia
65	‡Ohio shingle, or tile-cupped do	imbricaria
66	American oaks, 20 other species, 25 to 50 cts	
67	Common locust, or yellow locust	Robinia pseudacacia
	Ditto, of large size 37½ to 50 cts	
	Ditto smaller size, 10 to 12$ per 100, and 60 to $80 per 1000	
68	‡Showy flowering do	*spectabilis*
69	Weep. willow, 25 to 50 cts, according to size	Salix babylonica
	Ditto, 25 to $30 per 100	
	Ditto, very large, 75 cts to $1 and upwards	
70	Napoleon willow, from his tomb at St. Helena, 75 cts, $37½ per 100	

N. R. Both the male and female varieties of the weeping willow can be furnished.

71	Upright green, or Huntingdon do	Salix alba

73	European linden or lime, much admired, and very ornamental, 50 cts	Tilia platyphylla
	Ditto, extra large, 75 cents to $1, and $1,50 and upwards	
	Ditto, per 100, $30, $50, and $75, &c. according to the size	

N. B. Where 50 or 100 are taken, a liberal discount will be made.

74	Golden barked do. 75 cts	Tilia *aurea*
75	‡Red twigged do	rubra
	Ditto, extra large I to $1,50 &c.	
76	Diverse, or Fern leaved do. $1	*heterophyllæ*
77	American do. basswood, 25 to 50 cts	americana
78	‡Silvery leaved do	alba
79	‡Pubescent do	pubescens
80	‡Scotch, or witch elm, with broad leaves	Ulmus montana
	Ditto per 100, 27 to $30	campestris
81	‡English elm, 30 to $40 per 100	*fol. var.*
82	Variegated leaved do. 75 cts	*erispa*
83	Curled leaved do, 50 to 75 cts	*latifolia*
84	‡Broad leaved do	suberosa
85	‡Dutch, or Cork do	*fol. var.*
86	Variegated leaved do do $1	*modiolina*
87	Twisted or, tortillard do $1	americana
88	Americun white do(*Drooping elm*)37 to 50cts	
	Weeping elm	
	Ditto, extra large, 75 cts to $1 &c.	alata
89	‡Wahoo, or American cork do	glabra
90	‡Smooth do	*fol. var.*
91	Striped leaved do 75 cts	*fol. var.*
92	‡Slippery, Red, or Weeping do	fulva, *vel pendula*
93	Upright do. 75 cents	stricta
94	‡Hornbeam leaved do	nemoralis
95	Spreading do, $1	effusa
96	Fern leaved do. 50 to 75 cts	
97	Covering stalk do. 75 cts	
98	Striped fern leaved do. 75 cts	rufa
99	European red do. 75 cts	fastigiata
100	Upright do. 75 cts	
102	Giant, or Largest leaved do. 50 to 75 cts	macrophylla
103	Exeter do. 75 cts	
104	†Hoary leaved poplar	Populus candicans
105	Hoary, or Whitish leaved European Alder	Alnus incanus

For many beautiful Ornamental Trees, see those designated as such among fruit trees.

ORNAMENTAL FOREST TREES.

Of the second class and middle growth, esteemed for their foliage and flowers. Those not marked are 25 cts. Those marked thus † 37½ cts.; those thus ‡ 50 cts.

1	‡Ash leaved maple	Acer negundo
2	‡Dwarf maple	montanum
3	‡English barked do. or Moosewood	striatum
5	‡Striped cork do. very singular	campestre
6	‡Striped leaved do	*fol varieg.*
7	‡Yellow flowering horse chesnut	Æsculus flava
8	Pubescent do. $1	*pubescens*
9	Flesh colored do $1	rubicunda, vel carnea
10	Gooseberry leaved Alder	Alnus oxycanthoides
11	Prickly ash, angelica, or Hercules' club, 25 to 37 cts	Aralia spinosa

Note.—For Paper Mulberry, and Chinese Mulberry, &c. see page 22.

12	American nettle tree, 20 cts	Celtis occidentalis
13	‡Heart leaved do	crassifolia
14	‡European do	australis
15	‡European Judas tree	Cercis siliquastrum
16	White flowering do $1	*v. alba*

17 American do. 25 to 37 cents	Cercis Canadensis
18 Forman's new Judas tree, 75 cents	*var.*
19 Snow drop, or white fringe tree 50 cts to $1	Chionanthus virginica. vel. monta-
20 Narrow leaved do 50 cts to $1	*maritimus* [nus
21 White flowering dogwood	Cornus florida
22 Laburnum, or golden chain, 25 to 37 cts	Cytisus laburnum
23 †Scotch broad leaved do	alpinus
25 Weeping, or Umbrella do $1	*pendula*
26 †European beach	Fagus sylvatica
27 Striped leaved do $1	*fol. var.*
28 Purple leaved beech, 50 cts to $1	*purpurea*
29 Copper leaved do $1	*cuprea*
30 Crested or Jagged leaved do $1	*cristata*
31 American do 20 cts	ferruginea
32 ‡Weeping ash	Fraxinus exclesior, *v. pendula*
Ditto, extra large size, 1 to $1,50	
33 ‡Curled leaved ssh. *curious*	atrovirens
34 ‡Flowering ash, or white fringe tree, beautiful	ornus
35 ‡Golden bark do	aurea
36 Striped bark do 75 cts	*striata*
37 Chinese thorny acacia, $1	Gleditschia sinensis
38 Single seeded do 25 to 37½ cts	monosperma
39 ‡Chinese kœlreuteria, *curious flowers & seeds*	Kœlreuteria paniculata
40 Female Osage orange, *beautiful foliage and*	Maclura aurantiaca
curious fruit, 50 cts to $1	
41 Male do 1 to $1½	*mascula*
42 ‡Umbrella magnolia, *large white flowers*	Magnolia tripetela
Ditto, extra large size, $1	
43 ‡Glaucous magnolia, *with flowers of exquisite*	
fragrance	glauca
Ditto, per dozen, 5 dols.	
Ditto, extra large, 1 dol.	
44 Splendid magnolia, with leaves, 2 to 3 feet	
long, 1 dol.	macrophylla
Ditto, extra large size $1.50	
45 ‡Blue flowering do, or *cucumber tree*	acuminata
Ditto per dozen, 5 dols.	
Ditto, of extra large size, 75 cts to 1 dol.	
46 Ear leaved magnolia, 1 dol. to 1.50 cts.	auriculata
47 Yellow twice flowering do (2 varieties) $2	cordata
Ditto, extra large, and of flowering size 3 dol.	
and upwards	
48 Chinese purp.& white flowering do 1 to 2 dols.	obovata
49 Chinese white chandelier do 2 dols.	conspicua
50 Chinese tementose do 3 dols	tomentosa, vel. kobus
51 Pyramidal auriculate do 3 dols	pyramidata
52 Monthly flowering evergreen do 1 dol.	longifolia
53 Soulange's white and purple do 3 to 4 dols.	Soulangiana
54 Striped Magnolia, 3 dols.	Magnolia striata
55 Largest do 3 dols.	Maxima

N. B. For other magnolias, see page 50, and also the Greenhouse catalogue.

56 Sour gum, 20 cts	Nyssa villosa
57 Great tupelo	tomentosa
58 Ogeche lime, 4 dols.	candicans
59 Elm leaved planer, 1 dol.	Planera aquatica
60 †Maple leaved plane	Platanus acerifolia
61 Variegated leaved Cherry, 75 cts	Prunus cerasus fol. var.
62 Smoke tree, or Jupiter's beard, very orna-	Rhus cotinus
mental, 37 to 50 cts	
63 European tanner's sumach	coriaria
64 Pale red flowering acacia, 25 to 37½ cts	Robinia viscosa

65	Parasol, or Weeping do, 1 dol.	Robinia umbraculifera
	Ditto, extra large, 2 to 3 dols.	
66	Tortuous branched do 1 dol.	tortuosa
67	Japan jingo tree 1 dol. to 1,50	Salisburia adiantifolia
68	Black willow	Salix nigra
69	English common osier,	viminalis
70	basket do	forbyana
71	†Red stemmed do	rubra
72	†Rose do	helix
73	‡Ring leaved, or Hoop leaved Willow, very curious and ornamental	annularis
	Ditto per dozen, 5 dols.	
74	‡Horned willow	
75	European mountain ash, or Scotch Roan, 37 to 50 cents	Sorbus aucuparia
	Ditto, very large, 75 cts to 1 dol.	
76	Striped leaved do 75 cts	*fol. var.*
77	Splendid scarlet fruited do 1 dol.	fr. coccinea
78	‡Small fruited do	microcarpa
79	Nepal silvery leaved do curious, 1 dol.	nepalensis
80	American mountain ash, 25 to 50 cts	americana
81	‡Bastard mountain do	hybrida
82	‡European sorb, or service tree	domestica
83	‡White beam, or white leaf	aria
84	Maple leaved sorb	acerifolia
85	†Chinese dwarf elm	Ulmus chinensis
86	‡Yellow flowering Virgilia	Virgilia lutea
87	Toothache tree, or thorny ash	Zanthoxylum fraxineum

N. B. For other beautiful Ornamental Trees, see those designated as such among Fruit Trees.

ORNAMENTAL SHRUBS,

ESTEEMED FOR THEIR FLOWERS, FOLIAGE OR FRUIT.

1	‡Sensitive tree	Acacia julibrissin
	Ditto of larger size, $1	
2	‡Silver striped sycamore 50 to 75 cts	Acer pseudoplatanus, *fol. arg.*
3	‡Dwarf white horse chestnut	Æsculus macrostachya
4	‡Scarlet flowering horse chestnut	pavia
5	Dwarf prickly fruited do $1	glabra
7	Canadian alder	Alnus canadense
8	Serrated leaved do	serrulata
9	†Glaucous leaved do	glauca
10	Indigo shrub, blue flowering, 25 to 37 cts	Amorpha fruticosa

For double Flowering Almond, see page 21
" " " Cherry " " 14
" " " Apple " " 9
" " " Peach " " 20

11	‡Lewis' do	Lewisii
12	‡Emarginate do	emarginata
13	†Box leaved andromeda	Andromeda calyculata
14	‡Panicle flowered do	paniculata
15	†Axillary flowered do	axillaris
16	†Cluster do do	racemosa
17	‡Rosemary leaved do	polifolia
18	‡Evergreen andromeda	coriacea
19	‡Large flowered do, *beautiful*	speciosa
20	†Oval leaved do	mariana
21	Tree do	arborea

N. B. For a great number of other species, see Catalogue No. 4.

22	†Bristly Aralia	Aralia hispida
23	Southern wood	Artemisia abrotanum
24	†Blue flowering do	cerulea
25	‡Groundsel tree, or White fringe, *beautiful*	Baccharis halimifolia
26	Dwarf birch	Betula pumila
37	‡Privet leaved borya	Borya ligustrina
28	†Acuminate leaved do	acuminata
29	Box thorn leaved bumelia	Bumelia lycioides
30	Purple calycanthus, or sweet scented shrub, 25 to 37 cts	Calycanthus lævigatus, *vel oblongus*
	Ditto, of large size, 50 cts	
31	†Reddish or Brown flowering do	glaucus, *vel fertilis*
32	†Downy reddish flowering do	floridus
33	†Pennsylvania do	pennsylvanicus
	Variegated flowering do(erroneouslyso called)	grandifolus
35	New large flowering monthly do 75 cts	
36	Chinese yellow flowering do 75 cts to 1 dol.	præcox *lutea*
37	Chinese white do 1 dol.	*alba*
38	Dwarf nettle tree 1 dol.	Celtis pumila
39	Swamp globe flower	Cephalanthus occidentalis
40	Clethra, very fragrant flowers	Clethra alnifolia
41	Acuminate leaved do	acuminata
42	Panicled do	paniculata
43	‡Dwarf do	nana
44	†Downy leaved do	tomentosa
45	Yellow bladder senna	Colutea arborescens
46	Red flowering do 25 to 37 cts	cruenta, vel orientalis
47	‡Pocock's dark yellow do	alepica, vel Pocockii
48	Scorpion senna	Coronilla emerus
49	Sweet fern	Comptonia asplenifolia
50	†Double yellow Japan globe flower, blooming in spring and autumn	Corchorus japonica
	Do per doz 3 dols. and per 100 20 dols.	
51	Dwarf chionanthus, 1 dol.	Chionanthus pumila
52	Myrtle leaved coriaria, *beautiful*, 1 dol.	Coriaria myrtifolia
53	Bloody, or red twigged dogwood	Cornus sanguinea
54	‡Variegated leaved do	*fol. var.*
55	Blue berried do	cericea
56	Upright do	stricta
57	‡Striped leaved do	*fol. varieg.*
58	Alternate leaved dogwood	Cornus alternifolia
59	‡Cornelian cherry, see page 15	
60	Cercinate dogwood	cercinata
61	‡Fastigiate do	fastigiata
62	Panicled do	paniculata
63	White berried do	alba
64	European common hawthorn	Cratægus oxycantha
65	†Double white flowering do, *changes to red before fading*	*pleno*
66	‡Yellow leaved European do	*aurea*
67	‡Yellow, or Golden fruited do	*præcox*
68	†Glastonbury do	punicea
69	†Purplish do	pendula
70	‡Weeping do	monogyna
71	Scarlet, or pink flowering do 37 to 50 cts	*fol. arg.*
72	†Striped leaved hawthorn	*var.*
73	‡New crimson flowering do	azarolus
74	Cockspur hawthorn	crus galli splendens
75	Parsley leaved do 75 cts	apiifolia
76	Great flowering, 75 cts	grandiflorus
77	†American yellow fruited do	flava
78	Pear leaved do	pyrifolia

79	Poplar Hawthorn, and 12 other species	Cratægus populifolia, vel cordata
80	For Chinese quince, see page 23	
81	‡Hairy leaved cytisus	Cytisus hirsutus
82	‡Austrian black rooted do	nigricans
83	†Cluster flowering do	capitatus
84	†Sessile leaved do	sessilifolius
85	Great flowering do 75 cts	grandiflorus
86	Pink mezereon, 25 to 37 cts	Daphne mezereum
87	‡White flowering do	*v. album*
88	Pontic twin flowered do 75 cts to 1 dol.	pontica
89	Flax leaved do 2 dol.	gnidium
90	A pine daphne, 1 dol 50 cts	alpina
91	Neapolitan do 2 dols	napolitana
92	Hairy do 2 dols	collina
93	Olive leaved 2 dols	oleœfolia
94	Silvery leaved do 1 dol	tartonraira
95	Siberian white do 1½ dols	altaica
96	*Moosewood, or Leatherwood	Dirca palustris
97	Narrow leaved eleagnus, or Bohemian olive 1 dol	Eleagnus angustifolius
98	Missouri silvery do 1 dol	argentea
99	American strawberry tree, or burning bush Ditto extra large, 37 to 50 cts	
100	‡Trailing do	Euonymus americanus
101	European large leaved do, or Spindle tree, 25 to 37 cts	*sarmentosus*
		europæus
102	‡White fruited do	*fructu albo*
103	‡Broad leaved do	*latifolius*
104	‡Variegated leaved do	*fol. var.*
105	‡Dwarf European do	*nanus*
106	‡Warted do	verrucosus
107	†Narrow leaved do	angustifolius
108	Purple flowering do 25 to 37cts	atropurpureus
109	‡Pale red fruited do	*pallidus*
110	Obovate leaved strawberry tree 1 dol	obovatus
111	Japan do 1 dol	japonicus
112	Syrian fontanesia 1 dol	Fontanesia phillyræides
113	Fragrant Fothergilla	Fothergilla alnifolia
114	†Dyer's broom	Genista tinctoria
115	‡Hoary leaved do, rather tender	candicans
116	‡Downy leaved do do	tomentosa
117	Franklinia 1 dol	Gordonia pubescens
218	‡Snow drop, or silver bell	Halesia tetraptera
119	Small flowering do 1 dol.	parviflora
120	Two winged do 1 dol	diptera
121	Witch hazel	Hammamelis virginica
122	Single white athæa frutex, or Rose of Sharon	Hibiscus syriacus
123	Small blue do	*ceruleo*
124	† carnation striped do. or Pheasant eye	*fl. varieg.*
125	† dwarf carnation do	*varieg. nana*

Above 40 other beautiful species can be supplied, comprising all that are particularly interesting, a part of which are enumerated in Catalogue, No. 4, of American Trees and Plants.

ROSES. *Rosiers. Rosa.*

This favorite flower has been cultivated to such en extent in Europe, that it combines almost every tint of which nature is susceptible, and some of their collections contain above 1400 superb varieties. The following have been selected on account of their fragrance, size, beauty, singularity, or delicacy, and the original plants of many of these kinds cost from $1,50 cents to $4,75 cents each, exclusive of the expenses and losses attending importation. The collection *occupies an acre of ground*, where all the kinds are marked with their respective names, and during the period of their bloom they present an accumulation of varied beauties scarcely to be rivalled, and those who may desire it, can make their selections when in flower. The various kinds of roses, present, also a great diversity in respect to size as well as other points, some being naturally of very tall stature, others of medium height, and others quite diminutive. All the following Roses will endure the winters of any part of the Union without protection, with the exception of a few of the China roses. The culture of roses is of the most simple and easy description, and information on that point will be found in the *Treatise* recently published. The different kind of Roses have been critically examined when in flower, and the remarks as to their qualities are the result of the personal observation of the proprietors.

Those roses are almost wholly on their *own bottoms*, a few of the most rare kinds only being innoculated, and the *prices are lower than ever before offered to the public.* Where a dozen plants are ordered a discount of 25 per cent will be made—where fifty are ordered 30 per cent, and to such Nurseries as purchase an *assortment* of a hundred or more to revend, consisting of two or more of a kind, 40 per cent, and where two hundred or more are taken of those most plenty, and similarly selected, 50 per cent.

Those marked thus * are 25 cents each. † are 37½ cents each. ‡ are 50 cents each.
Those marked thus ¶ are 75 cents each. Those not marked are $1 each.

The first section of Roses, extending to No. 529, is comprised of Double Roses only, and is a selection, comprising such only as are beautiful and interesting.

1 ¶Admirable, *extra superb*

China Roses.

Most of which are monthly, or Ever-blooming.

The monthly varieties, when planted in the open ground, are particularly interesting' on account of expanding their flowers in March and April, when those of other kinds have not yet made their appearance. They continue to bloom throughout the summer; and in the autumnal months their numerous flowers also afford particular gratification, as nature then seems most to need their cheering influence.—Nearly the whole number support our winters with little or no protection, as desig-

nated by this mark † : those most tender need only have a box or barrel placed over them during winter. Where any kinds are designated as climbers, it is meant that they grow tall, and are suitable for training, &c.

PÆONIES. *Pivoines.*

No class of flowers has recently attracted more attention in Europe than this, a monograph of which has been published in London. Every variety will support the winters of the United States and Canada. Most of the varieties are extremely splendid, and others possess striking peculiarities. Anticipating that a similar taste would be evinced in this country, the proprietors have, by great exertion, obtained every variety possible.

1	Sabine's crimson officinal	Pæonia officinalis, *sabini*	75 to $1 00

CARNATIONS. *Oiellets doubles.* *Dianthus caryophyllus.*

This most interesting class of flowers, which so deservedly commands universal admiration, has received particular attention ; and the entire collection now comprises about 200 superb varieties—the most of which have been considerably increased, and the others are in a course of propagation. It may be well to remark, that sometimes a branch, or even a whole plant, may vary the color of its flowers ; but this is not very frequently the case.

Those marked thus * are 37½ cents each. † are 50 cents each. ‡ are 75 cents each
Those not marked are $1 each. ¶ denotes those whose flowers are rose-leaved.

1 Large dark crimson, shaded with dark brown like a Picotee

CHINESE CHRYSANTHEMUMS.

Chrysanthemum sinense.

This superb flower (often denominated Artemisia) is deservedly esteemed: being perfectly hardy, and affording a most brilliant display, at a period when the chilling blasts of autumn have left us but the vestiges of departed verdure. It is therefore a subject of much gratification, that the number obtained from China exceeds 60 varieties, nearly the whole of which are offered to the public in this catalogue.

The following are 25 to 35 cts each.

1 White quilled
2 Buff, or orange, changeable, red & orange flowers often on the same plant
4 Purple
5 Lilac quilled
6 Rose colored, or pink
7 White and lilac, changeable, the flowers vary to lilac, to white with a purple centre, and to pure white
8 Spanish brown
9 Straw colored quilled
10 Golden yellow
11 Tasselled white
12 Superb do
13 Semidouble quilled white
14 Paper white
15 Quilled flame yellow
16 Sulphur do
17 Superb clustered do
18 Small yellow
20 Quilled pink
21 Semi-double do
22 Large quilled orange
23 Semi-double quilled do
24 Early crimson
25 Curled lilac
26 Quilled light purple
27 Expanded light purple
28 Quilled yellow

The following kinds are 37 to 50 cents each.

29 Double Indian yellow, superb
30 Double Indian white, superb
31 Brown purple, 37 cts
32 Early blush, 37 cts
33 Golden lotus, 37 cts
34 Quilled purple
35 Starry purple
36 Park's small yellow, beautiful

IRIS, *or Fleur de Lis.*

This flower, from its great combination of colors, (whence it derives its title,) and altogether unique appearance, has ever found admirers among the curious and the scientific. It is also the court flower, or emblem, of the Bourbons. In addition to these here enumerated, there are about 50 beautiful bulbous varieties, for which see catalogue of bulbous flowers.

25 cents each, except those noted.

87 Lemon do — serpyllum
88 Common colt's foot — Tussilago farfara
89 Variegated leaved do — *fol. var.*

N. B. Many other medicinal plants will be found enumerated in Catalogue No. 4.

DAHLIAS.

THE new catalogue of this magnificent flower is now ready for distribution, comprising all the new varieties, many of which are superbly striped and variegated. Those who desire assortments will be supplied at lower rates than they can be obtained elsewhere, and 10,000 roots are now ready for delivery, comprising above 500 varieties, of which a specimen bed, containing an acre, is annually formed for the inspection of visitors. The collection is the most extensive in America, and for particular details and descriptions, as well as directions for the culture, see Catalogue of them. Those who order assortments of Dahlias should name the kinds they already possess, in which case those varieties will be omitted. The selection of the assortments is to be made by the Proprietors. The prices are rated lower on account of their retaining the privilege of sending such as they have the largest stock of: but, in doing this, the purchaser receives quite as beautiful varieties as he could select himself, even at considerably higher rates. It is the determination of the Proprietors, that their customers shall be supplied, in all cases, on the most favorable terms.

Superb double varieties, each 75 cents
Double varieties of kinds less rare, each 25 to 50 cts.
Some very superior new kinds, $1 and upwards, as per Catalogue
Some very superior new kinds, $8 to $10 per dozen, including many that are usually sold at very high rates
Very fine assorted kinds per dozen, each a distinct named variety. $6
Fine Do do do but less rare, $4,50
Assortments do do of the more common kind $3
Mixed double varieties $2,50 per dozen

Double Dahlias by the 100, 200, or 300 or more varieties, will be supplied at very low rates.

CAMELLIA JAPONICA, *or Japan Rose, &c.*

THE collection of Camellias comprises all the newest varieties, most of which are very remarkable for their splendour. The prices are now greatly reduced, in consequence of the plants being much increased. Owing to the universal admiration which this plant has received, and its requiring so little care, and enduring without injury a great degree of cold, the demand has been unexampled. The Proprietors have at all times very large quantities to supply wholesale orders, on which a liberal discount will be made, and their present collection exceeds 3000 plants, which they are rapidly increasing,

The collection of Geraniums has also been enriched by the addition of above a hundred new varieties, whose flowers are remarkable for their size and splendid coloring, comprising the very *élite* of this class of plants

For a complete list of the different varieties, with the low prices at which these and other Greenhouse plants are now offered, see Greenhouse Catalogue, No. 3.

SELECTIONS OF FRUITS.

THE following selections of fruits of kinds best known, are well calculated for a garden and orchard, where only a limited number is required, and it may aid those who are not acquainted with the subject. The numbers refer to the enumeration in the Catalogue.

The trees we can furnish, by selections, from our immense stock, will average from 25 to 33 per cent better in point of size and vigor, than such as are usually sold. Some persons complain that Pear trees do not succeed, which arises in most cases from an improper selection of the varieties. Care should be taken always to select such as have originated in, or become acclimated to a corresponding climate. For the northern section of the Union, the Flemish varieties are greatly to be preferred.

APPLES.—*Forty varieties.*

2 Bulbous and Tuberous rooted plants, Double Dahlias, &c.—pp. 36
3 Greenhouse Trees, Shrubs, and Plants—pp. 44
4 American indigenous Trees, Shrubs, and Plants—pp. 50
5 A Catalogue of Garden and Flower Seeds.
5 do de do do in French.

The Books and Catalogues can be transmitted by mail, at a postage of 1½ to 2½ cents per sheet.

N. B. The Proprietors will supply the following classes of Plants in large or small Assortments at very reduced rates.

Camellia Japonica, or Japan Rose, of 150 varieties.

China Roses, and other classes of Roses, comprising above 600 varieties, and including all the new and choice kinds, as enumerated in this Catalogue and others.

Geraniums, of 150 varieties, comprising about 60 that are entirely new and remarkable for the magnitude of their flowers, and for the brilliant and varied hues which distinguish them.

Passion Flower, of 30 species and varieties, including the different Scarlet flowering kinds.

Chinese Azaleas, and other varieties, comprising a concentration of the most beautiful kinds.

Amaryllis, of 100 varieties.

Ixia, 30 varieties—Lachenalia, 15 do—Oxalis, 30 do—Antholyza, 12 do

Aloes, 40 species, and Cactus, 30 do

Magnolia, the entire collection, comprising all the species and varieties known. Plants of the rare Thompsonian and Soulangiana varieties are of blooming size.

Chrysanthemums, above fifty varieties, as enumerated in Catalogue, and at the low prices therein stated.

Greenhouse Plants will be supplied in assortments of 25, 50, or 100 or more pots, each a distinct species or variety, at very reasonable rates, and such omitted as the applicant already possesses.

Hardy Herbaceous Flowering Plants will also be supplied in Assortments of 25 to 500 species.

CONCLUSION.

Strangers who may wish to visit the Garden at the period at which particular flowers may be seen in perfection, are informed, that the Hyacinths are in the greatest beauty from the 1st to the 25th of April—Tulips from the 1st to the 18th of May—Roses from the 1st to the 15th of June—Pæonies from the 10th to the 30th of May—Carnation Pinks from the 1st to the 15th of July—Dahlias from June to October; but, among such a number of Plants from every region, there is, at all times, a great variety in flower, which are calculated to interest both the botanist and amateur.

All Proprietors of Nurseries and Venders of Seeds, &c., are invited to visit and inspect our Establishment.
